

High Point Scoring System

The high-point scoring system counts how many total boats you beat in each race, and accumulates that number throughout the series. This system most accurately reflected those who raced the most and the best. At the end of the season, the boat with the most points will be awarded first place. You get 0 points for not racing.

The high-point system emphasizes scoring well when racing against many boats - you get points for the boats that you beat.

SCORING

Each boat will receive point(s) equal to the number of boats she beat, plus one point. The end season score will be the sum of all the points of the individual races. There will be no exclusions (throw outs). At the end of the season, the boat with the most points will be awarded first place, etc.

DNC - DID NOT COMPETE

Boats that do not come to the starting area will receive 0 point.

DNS – DID NOT START

Boats that show up at the starting area, but do not cross the start line are shown as did not start, and will receive 0 point.

DNF – DID NOT FINISH

Boats that cross the start line, but do not finish will receive 1 point. She started and will be counted as racing or raced.

RCD – RACE COMMITTEE DUTY

A boat that does Race Committee will receive 6 points for the day, to encourage participation as Race Committee. Setting up the course and ready at the designated time counts as Race Committee, even if no racers show up, or the race is cancelled after the start (no wind, thunderstorm). Race cancelled before the designated time does not count as Race Committee (0 point.)
